

CCA ACTIVITY-1 (JUNE 2023)

Classes VI-VIII

ACTIVITY : Origami Integration with Maths & Science (IN CLASS ROOM)

DATE: 16/06/2023, Friday

TIME: 3rd & 4th Period

TOPIC: Origami Integration with Maths & Science

- Students will make an origami to represent a science model on process (e.g. Photosynthesis), structure (e.g. chloroplast), organ (e.g. lungs), microorganisms (e.g. amoeba, virus) etc.
- Represent shapes involved and dimension of regular shapes.
- Students will have to bring A3 drawing size sheet for doing the activity.

JUDGEMENT CRITERIA: Quality of folding – Models must be neat & attractive.

- Select a model that you can fold with precision and beautifully.
- Models must have stability and hold together without glue.

Creativity of presentation – Interesting paper selection and/or folding techniques can be used.

- Choose a texture of paper appropriate to the model.
- Models can be standing, hanging, or mounted on wire or paper. If you have a creative display technique/device, please feel free to include it.

Originality – We encourage, but do not require, original origami designs.

CCA ACTIVITY-2 (JUNE 2023)

Classes VI-VIII

ACTIVITY : ADVERTISEMENT ENACTMENT ON ENVIRONMENT (HOUSE ACTIVITY)

DATE - 22/06/2023 (THURSDAY)

TIME : 1st & 2nd Period
