Diwali Vacation Assignment(2023-24)
Class: 4 Subject : English Language

Q1 Read the following passage and answer the question:

Once there lived a carpenter named Kasi. He had a five-year-old son. His name was Vasu. Kasi's father, Ramu, was too old, and he also stayed with them. Kasi began to think that his father was of no use to him because he was too old to do any work. Kasi always spoke angrily to his father. One day, Kasi gave food on a mud plate to his father. Being too old, Ramu was not able to hold the mud plate. He dropped it down and broke it. Kasi became very angry and scolded his father. Vasu observed this. The next day, Kasi gave a new mud plate. He went out to work. When he came back, he saw the new mud plate also broken into pieces. He scolded his father badly and warned him, "Old man, if you break the next plate also, there will be no food for you". Vasu was listening to his father's words. The next day, in the evening, when he came back home, he saw his son doing some work with his carpentry tools. He was surprised to see this and happily went near him; Kasi asked Vasu, "What are you doing, my son?" Vasu replied, "Dad, I am making a plate of wood for you. When you become old, I will give you this wood plate so that you will not break it and I need not send you out of the house." Kasi realised his mistake and apologised to his father for his mistake.

- a) Convert the underlined sentence to Present tense.

- b) Write the future tense of 'gave'. - _____

- c) Identify the type of sentence I for Intransitive and T for Transitive:

He went out to work. - _____

Diwali Vacation Worksheet (2023-24)

Class: 4 Subject: Mathematics

Name: _____ Section: _____

Roll No. _____

Q.1 Fill in the blanks.

- a) A fraction whose value is less than one whole is called a _____ fraction.
- b) Fractions with different denominators are called _____ fractions.
- c) Twenty point zero seven six is _____.
- d) 2.46 in fraction form is _____.
- e) 9.25 9.035 (Put sign <, > or =)

Q.2 Do as directed.

- a) Write in ascending order: $\frac{2}{3}$, $\frac{3}{4}$, $\frac{1}{2}$, $\frac{5}{6}$

- b) Reduce to lowest term:

a) $\frac{15}{65}$

b) $\frac{12}{27}$

- c) Write the next five equivalent fractions: $\frac{3}{4}$

d) Add: $\frac{3}{4} + \frac{1}{2} + \frac{5}{8}$

e) Subtract: $4 - \frac{6}{7}$

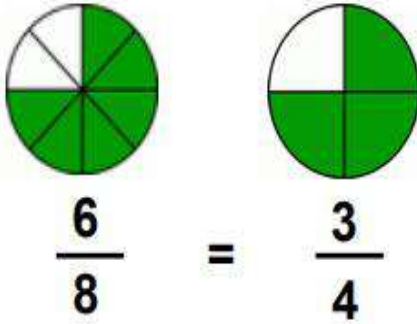

Decimals Activity: Complete the table.

Decimal Numbers	tens	ones	tenths	hundredths	thousandths
0.3		0	3		
0.03					
0.003					
3		3	0		
30					

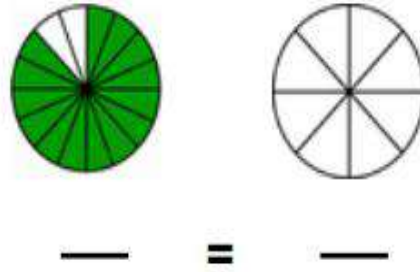

EQUIVALENT FRACTION ACTIVITY:

Colour in the second fraction so it is equivalent to the first fraction, then write in the numerators and denominators of both fractions.

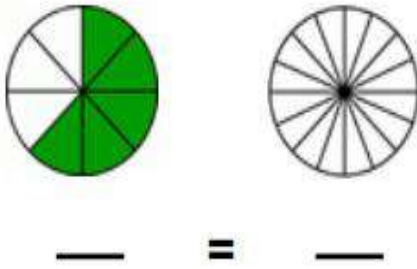

1)

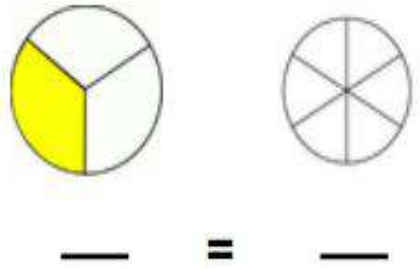

2)

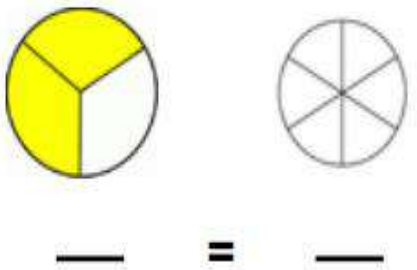

3)

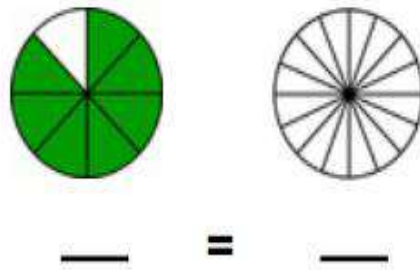

4)

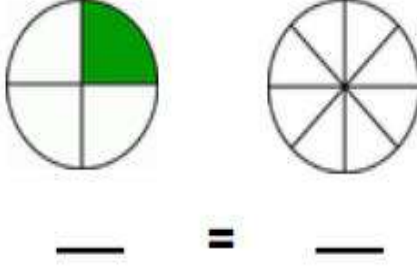

5)

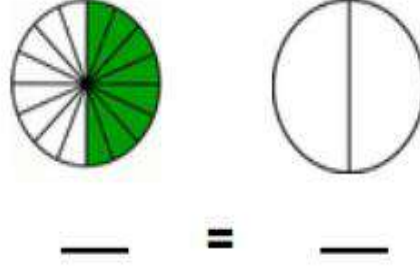

6)

7)

8)
